

“you are required to post the Notice of Consultation or an electronic link to it on a page of the applicant’s website that is accessible from the home page no later than 5 calendar days from the date of the Notice of Consultation and keep it there until the deadline for intervening in the proceeding.”

What Saddle Lake needs to do:

1. They want Saddle Lake Cree Nation to post on its website, on any page accessible from the homepage, the link that they provided within 5 days from today, and it must be kept up until June 1. It can be on your ISC news page, or on the bottom of the homepage somewhere.

i) To help your IT people, I can offer a suggestion to make the link easy. The link can say:
“CRTC info about our FM Radio Application”

ii) The link URL is:

<https://crtc.gc.ca/eng/archive/2026/2026-79.htm>
